Professional Summary

Frontend web and mobile developer specializing in **React.js**, **Next.js**, and **React Native**, with solid experience in building scalable, user-friendly applications. Strong background in problem-solving and competitive programming, including participation in **Africa & Arab ICPC Regional Finals**.

Technical Skills

- **Frontend Development** - HTML5, CSS3, JavaScript (ES6+), TypeScript - React.js, Next.js, React Native – Redux Toolkit, Tailwind CSS, Bootstrap, SASS
 - **Tools & Architecture:** Git/GitHub, REST APIs integration, Figma (Design-to-Code), Responsive UI/UX.
-

Work Experience

College Lecturer | Oct 2025 – Present

- Teaching foundational and advanced topics in computer science and programming.
- Supporting students with practical labs and real-world development concepts.

Web & Mobile Applications Developer | Aug 2024 – Present

- Developed modern web and cross-platform mobile apps using React.js, Next.js, and React Native.
- Implemented clean UI/UX designs with proper loading states, skeleton pages, and error handling.
- Integrated REST APIs and ensured optimal performance and responsiveness

Competitive Programming Coach | Dec 2023 – Aug 2025

- Trained students in algorithms, data structures, and problem-solving techniques for local and regional contests.
 - Conducted workshops on time complexity, optimization, and coding best practices.
-

Professional Achievements

- **ICPC Regional Finalist:** Qualified for the Africa & Arab ICPC Regional Finals in Egypt (2023).
 - **Elite Problem Solver:** Solved 2000+ algorithmic problems across Codeforces, AtCoder, CSES, and USACO.
 - **Award Winner:** Secured 2nd Place in the Private Universities Programming Contest for two consecutive years.
-

Education & Languages

- **Degree:** Bachelor's in Informatics Engineering – 2025, Arab Private University.
 - **Languages:** Arabic (Native) , English (B2).
-
