

Ahmad Bakran

Full Stack Developer

Hama, Syria / ahmadbakran02@gmail.com / linkedin.com/in/ahmad-bakran-80735b226 / +963 9388 70119

Professional summary

Full-stack web and mobile developer with expertise across the JavaScript ecosystem, specializing in React.js, Next.js, React Native, and Node.js/Express. Proven ability to build scalable, user-friendly applications from server to client. Strong background in problem-solving and competitive programming, including participation in the Africa & Arab ICPC Regional Finals.

Employment history

MAY 2026 – PRESENT	Computer Science Instructor, Elite Class Kw
KUWAIT	- Delivering interactive online lectures and technical training sessions to students and professionals. - Conducting both one-on-one and group sessions tailored to various learning levels in programming and computer science.
OCT 2025 – JUN 2026	College Lecturer, Arab Private University
SYRIA	- Teaching foundational and advanced topics in computer science and programming. - Supporting students with practical labs and real-world development concepts.
MAY 2025 – JUN 2026	Frontend Web developer, Connect Digital Agency
SYRIA	- Built responsive React.js and Next.js web applications from complex UI/UX designs. - Optimized state management and integrated RESTful APIs for seamless performance.
MAR 2023 – PRESENT	Full-Stack Web & Mobile Applications Developer, Freelancer
	- Architected scalable, end-to-end solutions for web and mobile platforms across the JavaScript stack (React.js, Next.js, React Native, Node.js, Express). - Delivered robust application features from server to client, combining responsive UI components and skeleton pages with secure backend data validation. - Developed and consumed REST APIs to facilitate efficient client-server communication, optimizing overall rendering speed and performance.
DEC 2023 – AUG 2025	Competitive Programming Coach, ICPC
	- Trained students in algorithms, data structures, and problem-solving techniques for local and regional contests. - Conducted workshops on time complexity, optimization, and coding best practices.

Education

2025	Bachelor's in Informatics Engineering, Arab Private University
